Dear Prospective Client;

Throughout the years, I have designed many luxury residential and commercial properties and have worked with several leading local builders. My company, Equilibrium Interior Design Inc, has collaborated with Michael McCarty of Southern Home Builders Inc for over 3 years now.

Our clients demand outstanding service, attention to detail, quality work and financial accountability; Mike's personal attention to each project has proven to ensure just that. Additionally, Mike is very cooperative during the process and exhibits a great level of professionalism and care I attribute to the genuine pride he takes in the work his company produces.

Southern Home Builders' crew is professional and responsive to the Client's wishes and requests, and addresses obstacles swiftly. Mike's balanced relationship with his trades translates into better service and product for the Client.

On our last project for Drs. Mann & Sedor, we used exclusive finishes and incorporated unique designs which were difficult to execute. Mike worked closely with us to ensure seamless design, efficient implementation, and successful completion of the project.

Equilibrium Interior Design Inc looks forward to working with Southern Home Builders on many future projects and would recommend Mike to anyone who is seeking an excellent general contractor. Please feel free to contact me directly at 954-513-8898 with any further questions.
